# OraLine Institutional Secure Care Clear Products

OraLine  
SECURE CARE PRODUCTS

## Overview of Institutional Products

OraLine now offers a complete line of oral care and personal hygiene products designed specifically for the correctional environment. From toothbrushes with security features to our new ADA Accepted line of clear toothgels to our innovative personal hygiene products, OraLine Secure Care Products offers you solutions for all of the issues involved in daily personal hygiene in the correctional environment.

The leading feature of OraLine Secure Care Products is our total dedication to clear, flexible packaging in the presentation of our products. Flexible packaging in clear tubes means that our product has the most built-in resistance to inmate tampering and the concealment of contraband. Furthermore, all of our tubes are made of Ceramis<sup>®</sup>, a clear material with barrier qualities that ensure the retention of moisture, flavor or fragrance. One of the biggest issues facing the introduction of clear packaging to the correctional environment is inmate acceptance. OraLine is the only correctional supplier who offers true private label equivalents to national brands, as all of our products are made in the United States under the highest quality standards.

We invite you to speak with our merchandise specialists today concerning new products, kit packaging, questions or ideas you may have. You may also review our information at our OraLine website, [www.oraline.net](http://www.oraline.net).

# OraLine ADA Accepted Clear Toothgel

**OraLine**   
SECURE CARE PRODUCTS

## OraLine ADA Accepted Clear Toothgel

OraLine is proud to introduce the first complete line of ADA Accepted Clear Toothgel, designed specifically for all correctional needs. Now available in four sizes, our refreshing mint flavor addresses all of the oral hygiene concerns of the inmate without compromising the safety of correctional personnel.

ADA Acceptance will mean less inmate resistance to the introduction of the clear toothgel. OraLine's brand means that you don't have to pay national brand prices to receive national brand quality.

- 42104 1.0 oz. ADA Accepted Clear Toothgel, 144/cs.
- 41998 3.0 oz. ADA Accepted Clear Toothgel, 72/cs.
- 41999 4.6 oz. ADA Accepted Clear Toothgel, 48/cs.
- 41997 6.4 oz. ADA Accepted Clear Toothgel, 36/cs.

# OraLine Secure Care Multipurpose Bath Gel

OraLine   
SECURE CARE PRODUCTS

## OraLine Secure Care Multipurpose Bath Gel

OraLine was the first on the market four years ago with our innovative 3-in-1 Bath Gel. In one tube, we offer a superior shave, shampoo and liquid soap, designed for the safest, most cost-effective correctional use. Like all of our personal hygiene products, the Multipurpose Bath Gel is packaged in clear, resilient Ceramis® tubes, designed to retain moisture and fragrance. This product, made in the U.S.A., is a cost-effective way to increase officer safety while ensuring inmate acceptance. OraLine Secure Care Multipurpose Bath Gel is now available in three convenient sizes, including packettes designed for correctional segregation.

- 42105 4.0 oz. 3-in-1 Secure Care Multipurpose Bath Gel**, 72/cs.
- 42106 1.0 oz. 3-in-1 Secure Care Multipurpose Bath Gel**, 144/cs.
- 42805 7.5 mL 3-in-1 Secure Care Multipurpose Bath Gel Packette**, 250/cs.

# OraLine Security Toothbrushes

**OraLine**   
SECURE CARE PRODUCTS

## OraLine Security Toothbrushes

OraLine maintains its commitment to safe correctional oral care with its high-quality security toothbrush, designed to inhibit the construction of shanks. Our product is made of the best materials, including Dupont® Tynex™ toothbrush nylon (bristles), optimally end rounded, and designed to last as long as nationally branded toothbrushes. Inmate resistance to the smaller toothbrush will be reduced by our dedication to quality materials and sophisticated production methods.

The Security Toothbrush is available in our classic white model and also in a clear version for use in the maximum security environment.

**90016 Security Toothbrush**, White, 720/cs.

**90022 Security Toothbrush**, Clear, 720/cs.

# OraLine Flexible Toothbrushes

OraLine   
SECURE CARE PRODUCTS

## OraLine Flexible Toothbrushes

OraLine introduces two new flexible toothbrushes to our security product line: a full handle toothbrush and a security handle toothbrush. To inhibit use as a weapon in security settings, the handles are not only flexible and bend without breaking, but are also end rounded. White handles help prevent gang associations. Both brushes have 41-tuft full-size heads made out of Dupont Tynex® nylon with superior tuft retention which prevents bristles from falling out. Brushes are made in the USA, individually cello-wrapped and can be shipped next day. Samples are available upon request.

**90009 Full Handle Flexible Toothbrush**, 144/cs.

**90008 Security Handle Flexible Toothbrush**, 720/cs.

# OraLine ADA Accepted Fluoride Mint Toothpaste

**OraLine**   
SECURE CARE PRODUCTS

## OraLine ADA Accepted Fluoride Mint Toothpaste

OraLine recognizes that in some correctional environments, it is not necessary to have clear packaging. However, a national-brand-quality equivalent toothpaste, with ADA Acceptance, will address inmate oral care at a lower cost level. We are proud to announce the launch of the most comprehensive line of ADA Accepted Toothpaste presently available to the correctional market, now available in five convenient sizes:

- 42102 0.85 oz. ADA Accepted Fluoride Mint Toothpaste, 144/cs.
- 42101 1.5 oz. ADA Accepted Fluoride Mint Toothpaste, 36/cs.
- 42100 3.0 oz. ADA Accepted Fluoride Mint Toothpaste, 72/cs.
- 42117 4.6 oz. ADA Accepted Fluoride Mint Toothpaste, 48/cs.
- 42118 6.4 oz. ADA Accepted Fluoride Mint Toothpaste, 36/cs.

# OraLine Secure Care Razor

OraLine   
SECURE CARE PRODUCTS

## OraLine Secure Care Razor

OraLine is pleased to announce the launch of the Secure Care Razor, designed specifically for use in corrections. The blade is quality stainless steel, and the head is sonically welded. The handle is a red, flexible plastic, rigid enough to ensure effective shaving. The Secure Care Razor is available in open stock cases or packaged in OraLine Secure Personal Care Kits.

**90018 Secure Care Razor**, 600/cs.

# OraLine Secure Care Clear Brushless Razoride™ Shave Gel

**OraLine**   
SECURE CARE PRODUCTS

## OraLine Secure Care Clear Brushless Razoride™ Shave Gel

Razoride™ is a waterless application product with a patented built-in moisturizing system. This high quality product will ensure inmate acceptance of a safe replacement to bulky metal shave cream tubes or even more hazardous cans. Razoride™ Brushless Shave Gel is perfectly clear and is packaged in a clear Ceramis® tube. Razoride™ is also available in a single unit of use packettes.

**42807 2.0 oz. Secure Care Clear Razoride™ Brushless, Waterless Shave Gel, 72/cs.**

**42806 0.15 oz. (2 mL) Secure Care Clear Razoride™ Brushless, Waterless Shave Gel, 250/cs.**

# OraLine Secure Care Clear Deodorant

OraLine   
SECURE CARE PRODUCTS

## OraLine Secure Care Clear Deodorant

One of our most significant innovations is the first deodorant/antiperspirant designed specifically for corrections. Unlike roll-on and stick deodorants which are packaged in rigid plastic which may provide the raw materials for potential inmate weapons, the OraLine Secure Care Clear Deodorant is a perfectly clear gel, packaged in a flexible Ceramis® tube. The deodorant gel is dispensed through a soft roll-on dispenser. There are no detachable parts to lose or keep track of. Now, correctional officers have one less personal hygiene item to worry about.

**60020** 2.0 oz. Secure Care Clear Gel Deodorant, 72/cs.

# OraLine Secure Care Clear Shampoo, Conditioner and Body Wash

OraLine   
SECURE CARE PRODUCTS

## OraLine Secure Care Clear Shampoo, Conditioner and Body Wash

Some of the most common everyday personal hygiene products used in corrections are still delivered in risky bottles. OraLine is committed to safe packaging throughout its product range. This includes the standard shampoos, conditioners and body washes that may constitute the most frequently used inmate personal hygiene products. Our Body Wash will allow you to replace bar soap, a potential hazard to the correctional officer. Our products are formulated as national brand equivalents to ensure inmate acceptance. Packaged in clear Ceramis<sup>®</sup> tubes, the OraLine Shampoo, Conditioner and Body Wash will retain their moisture and fragrance while competitors' products will dry out. The clear tube also prevents the concealment of contraband.

**60017** 4.0 oz. Secure Care Shampoo, 72/cs.

**60019** 4.0 oz. Secure Care Conditioner, 72/cs.

**60018** 4.0 oz. Secure Care Body Wash, 72/cs.

# OraLine Secure Personal Care Kits

**OraLine**   
SECURE CARE PRODUCTS

## OraLine Secure Personal Care Kits

OraLine offers the service of packaging standard or customized kits of our safe products in clear, resealable poly bags. We offer a wide variety of standard kits in stock, or you can speak with our sales representatives to discuss customizing our line of oral care and personal hygiene products into kits ready for inmate distribution.

- 38009 Overnight Secure Care Kit with Security Disposable Razor**, 1 oz. Toothpaste, 1 oz. 3-in-1 Bath Gel, White Security Toothbrush, Security Razor, 50/cs.
- 38011 Overnight Secure Care Kit**, 1 oz. Toothpaste, 1 oz. 3-in-1 Bath Gel, White Security Toothbrush, 50/cs.
- 38008 Secure Shave Kit**, Security Razor, 2 oz. Razoride, 50/cs.
- 38007 Overnight Shave Kit**, Security Razor, 0.15 oz. (2 mL) Razoride Packette, 50/cs.

# OraLine Secure Personal Care Kits
